MOC & NORA 2007 Oilheat Vocational Scholarship Application

Using National Oilheat Research Alliance (NORA) funds, the Massachusetts Oilheat Council is awarding a limited number of grants for hands-on Oilheat training in 2007. The Basic Oil Burner Installation & Service Technician course at the New England Fuel Institute (NEFI) is 160-hours, and can be taken days (1 month) or evenings, and prepares you for the Massachusetts state licensing exam. You need to be 18 years of age or older and live in Massachusetts prior to starting the course. Courses are held at technical training centers operated by NEFI in the Greater Boston and Springfield areas. The tuition for this program for non-NEFI members is \$2195 and includes books and laboratory fees. Tuition is paid directly to NEFI by MOC.

IMPORTANT: The Massachusetts Oilheat Council is the sole authority for all decisions regarding the awarding of these scholarships. If you are selected to receive a scholarship, you will have one (1) month from the time we notify you to register for a day or evening course at a training site of the New England Fuel Institute that is most convenient for you. For course information visit www.nefi.com and click on Heating & AC Training. You will be notified by mail as to the status of your application.
